QUESTIONS AND ANSWERS
BATCH 2**

Page	Clause	Question	Answer
		Are we allowed to replenish dry ice for the -70 degrees	Yes
20 176	5.2.12.12 2.9.18	Can we please get clarity on the packaging material referred to in the Tender document in the following sections: <ul style="list-style-type: none"> • Scope of Services – Part B: Logistics Services, clause 5.2.12.12 • Annexe A, clause 2.9.18 	This refers to packaging material used for delivery to the sites and provided by the Service Provider, which must be uplifted from the delivery sites.
10	3.9	The Department estimates the product volumes..., a. What time period do these estimates cover? In other words, for cold chain solution 1, over what time period does the estimated 6 million vials cover? Is it the duration of the contract or a shorter time? b. What is the estimated pallet space at any given point in time?	a. This is an estimate over the period of the contract , but is only an estimate. b. This is unknown and will vary depending on the type of vaccine and the sequencing of the deliveries.
		Can we agree to the Bank Guarantee but same will actually only be provided in due course? This will take time we approval to Regional Treasury and then approved by our bank	This is critical for submission at closing date and time as it has the impact on functionality assessment. The current bank rating will be required, not the bank guarantee, it is comes into play after the award within 21 days thereof.
		In terms of our company structure we do not have a CEO in the normal sense of the word - can we just let a Director sign?	Director can sign if no CEO
